Total Cumulative Expenditures	\$232,555.00
Current Period Obligations	\$3,267,445.00
Current Period Expenditures	\$182,310.00
Project Description	<p>County of Riverside is preparing to launch a public outreach effort to promote the federally funded and managed Affordable Connectivity Program (ACP). ACP is a program providing qualified households with a \$30 monthly subsidy for broadband services. The outreach program will include TV, radio, print, and related materials as Public Service Announcements (PSAs) to encourage residents to sign up for ACP. Trained call center staff will assist residents with the sign-up process. The mission of CETF is to provide leadership statewide to close the “Digital Divide” by accelerating the deployment and adoption of broadband services to unserved and underserved communities. The California Legislature and Public Utilities Commission established the California Advanced Services Fund, a program to support the expansion of broadband infrastructure throughout the state, CETF took the lead to obtain sufficient funding and improve implementation of the program, including sponsoring the Internet for All Now Act of 2017, to add \$330 million for broadband deployment and adoption throughout California. The County of Riverside has made a commitment to closing the Digital Divide within Riverside communities.</p>

	In addition, the pandemic has adversely impacted fundraising capabilities while also escalating construction project pricing and grounds. Prior to the pandemic, the Edward Dean Museum was in the middle of the accreditation process. Accreditation offers high profile validation of the museum's operations and impact which increases the museum's credibility and value to funders,

Project Description	policy makers, insurers, the community, and peers. It is a powerful tool to leverage change and helps facilitate collection loans between museums and other institutions as well as increases access to grant opportunities, showing the museum is committed to excellence in collection management and overall museum standards. Gaining accreditation is a two-step process: first, the museum completes the museum assessment program (MAP) with the American Alliance of Museums during which the operations, policies, and collections standards are evaluated to ensure compliance with national museum collections standards; second, a formal application is submitted for accreditation with support from MAP. Capital improvements underway as part of the accreditation process include, but are not limited to, septic upgrades, water quality and drainage improvements, hazardous material mitigation, and Americans with Disabilities Act (ADA) compliance upgrades. Improved signage at the museum will also be included in the improvements.

Description	The Nonprofit Assistance funding category was established to continue the County's efforts to strengthen, expand and support the local nonprofit sector which has played a critical role in the pandemic response. This work was initiated with CARES funding in the form of small grants to support financially impacted non-profits. As the County moves to long-term strategies focused on impact, sustainability, and building economic and community resiliency. The RCNR will provide guidance to the County on policy, funding, and partnerships that affect the non-profit sector.
